Garth Alling specializes in terrestrial wildlife biology, and environmental permitting in the Lake Tahoe Basin. Mr. Alling has gained experience as a field biologist in the states of Washington, Oregon, California and Nevada. Mr. Alling currently leads clients through local planning and permitting processes in the Lake Tahoe Region. Duties include performing habitat delineations for sensitive wildlife species and performing surveys for sensitive bird, mammal, amphibian and rare plant species. Mr. Alling also performs biological analysis for USDA Forest Service, California Tahoe Conservancy, and the Tahoe Regional Planning Agency in accordance with NEPA and CEQA requirements. Garth has been involved in projects such as habitat delineations and sensitive species surveys for Mt. Rose Ski Tahoe ski area expansion, Mammoth Mountain Ski Resort, Incline Lake property acquired by the USFS, Dollar Creek Shared Use Trail, South Tahoe Public Utility District (STPUD) wastewater export pipeline replacement projects, STPUD recycled water facilities master plan EIR, habitat and wetland delineations for the STPUD Recycled Water Facility Master Plan, water tank replacements and arsenic treatment facilities for drinking water, a new bike trail in South Lake Tahoe, master plan for Van Sickle Bi-State Park, Homewood Ski Resort master plan EIR/EIS, Boulder Bay EIS, and a master plan amendment for Heavenly Ski Resort. Mr. Alling also acts as the acting wildlife biologist for Heavenly Mountain Resort in Lake Tahoe working closely with Lake Tahoe Basin Management Unit staff.

**EMPLOYMENT SUMMARY**

2006-DATE: Hauge Brueck Associates, LLC. Associate VIII. Senior Planner/Biologist

2002-2006: Parsons. Wildlife Biologist

1999-2002: Midkiff and Associates, Inc. Associate Planner

3/1999-9/1999: United States Forest Service, Lake Tahoe Basin Management Unit. Wildlife Bio Technician

4/1998-8/1998: Oregon State University, Department of Fisheries and Wildlife. Wildlife Biologist

6/1995-12/1997: Washington State Department of Natural Resources. Scientific Tech II.

## EMPLOYMENT

**2006-Date: Hauge Brueck Associates LLC. Senior Planner/Biologist.** Mr. Alling performs wildlife studies, surveys and analysis for environmental impact reports associated with planning studies within the Lake Tahoe Basin and surrounding areas. Mr. Alling also is project manager for a variety of environmental documentation projects that encompass both CEQA and NEPA regulations.

**2002-2006: Parsons. Wildlife Biologist.** Mr. Alling, was responsible for conducting wildlife studies for sensitive species in forested environments, preparation of environmental impact reports, habitat delineations, biological evaluations and other planning studies.

**1999-2002: Midkiff and Associates, Inc. Associate Planner.** Worked with project proponents, engineers and architects in the planning and permitting of all types of projects requiring TRPA, Nevada Division of State Lands, California State Lands Division, and U.S. Army Corps of Engineers approval as well as County jurisdictions. Clients included private Lakefront estates, Douglas County, General Improvement Districts, major casinos and commercial property owners.

**3/1999-9/1999: United States Forest Service, Lake Tahoe Basin Management Unit. Wildlife Bio-Technician.** Completed spotted owl survey routes to protocol, assisted in the banding of adult and juvenile spotted owls. Completed Northern goshawk broadcast surveys, conducted wetlands surveys at designated TRPA threshold sites.

**4/1998-8/1998: Oregon State University, Department of Fisheries and Wildlife. Wildlife Biologist.** Collected data for long-term demographic study of the Northern spotted owl and assisted in writing the Annual Report.

**6/1995-12/1997: Washington State Department of Natural Resources. Scientific Tech II.** Surveyed state lands for spotted owl monitoring project. Duties included assisting in owl capture, banding and taking morphological measurements. Evaluated spotted owl and marbled murrelet habitat using aerial and orthographic photographs. Setup transects for trapping small mammals in Riparian Management Zones. Assisted in organizing Olympic Experimental State Forest/National Biological Service thinning study that focused on the ideal spacing and biodiversity of second growth timber.

PROJECTS

Environmental Documentation, Permitting and Surveys

Chevron Corporation	2002 Biological Assessment, Opportunity and Constraints Report.
2002-2004 Avian Surveys, Richmond, CA	
Heavenly Mountain Resort	Pacific Gas and Electric
2007 Master Plan Amendment EIR/EIS/EIS	2004 Hobart Mills Biological Assessment
2007 Master Plan Amendment Biological Evaluation, Noxious Weed Risk Assessment, Management Indicator Species Report	Shasta County
2005 Heavenly Mountain Resort Master Plan Environmental Assessment	Jaxon Minerals, Inc. Pit Mine Biological Assessment
2005 Lower Shop Underground Fuel Tank Replacement Permitting	South Tahoe Public Utility District, CA
2002-2011 Annual Wildlife Protocol Surveys	2002-2003 B-Line Phase III Export Pipeline EIR/EIS
2003 Lahontan Regional Water Quality Control Board Waste Discharge Requirements Permitting	2002-2003 B-Line Phase II Export Pipeline Biological Surveys
2009 Capital Projects Biological Assessment, Noxious Weed Risk Assessment, Management Indicator Species Report	2007 Bayview Well EA
2010 Capital Projects Biological Assessment, Noxious Weed Risk Assessment, Management Indicator Species Report	2007 Indian Creek Reservoir TMDL EA,
2011 Capital Projects Biological Assessment, Noxious Weed Risk Assessment, Management Indicator Species Report	2007-2009 Recycled Water Facilities Master Plan EIR
2012 Capital Projects Biological Assessment, Noxious Weed Risk Assessment, Management Indicator Species Report	2009 Arrowhead Well Mitigated Negative Declaration
2002-2011 Annual Wildlife and Rare Plant Protocol Surveys	2009-2010 Headworks Replacement Project Mitigated Negative Declaration / Initial Environmental Checklist
2003 Lahontan Regional Water Quality Control Board Waste Discharge Requirements Permitting	2009-2010 Angora Tank EA and Mitigated Negative Declaration
Lahontan Regional Water Quality Control Board	2010 Grizzly Mountain Pump Station Initial Study/Mitigated Negative Declaration
2010 Bishop Mill Mitigated Negative Declaration	2011 Recycled Water Facilities Master Plan Supplemental EIR
Mount Rose Ski Tahoe	2011 Recycled Water Facilities Master Plan Wetland Delineation
2010 Snowmaking Pond Biological Assessment	Tahoe Regional Planning Agency (TRPA)
2011 Atoma Expansion Biological Surveys and Assessment, Wetland Delineation	Domus Multi Use Project Initial Environmental Checklist and Permitting
Mammoth Mountain Resort	TRPA & El Dorado County
2010 Eagle Beginner Area Biological Surveys and Assessment	2006 El Dorado County Ballfields Environmental Assessment
UC Berkeley Lair of the Bear	TRPA & South Tahoe Public Utility District
	Luther Pass Pump Station EA, Mitigated Negative Declaration, Boundary Line Adjustment

MEMBERSHIPS, REGISTRATIONS, AND CERTIFICATES

State of California Registered Trapper

HONORARY AFFILIATIONS

Barton Foundation Board Trustee 2008-2010

Heavenly Ski and Snowboard Foundation Board Member 2004-2011
